MOISÉS FELIPE DE LIMA

C++ | Game & Engine Developer | Godot | OpenGL | Gameplay Systems

lima.brew@gmail.com +5561984067333 Brasília-DF, Brasil linkedin.com/in/spiritw github.com/Moisxphillip
UTC -3 Portfolio: Moisxphillip.github.io

PROFESSIONAL SUMMARY

Game and engine developer with experience in C++, Godot, and OpenGL, including custom engine development from scratch, and exposure to Vulkan. Worked on rendering, physics simulation, and event systems. Experienced in collaborative projects and game jams, focusing on performance, code reuse, and architecture. Available for remote work.

SELECTED PROJECTS

Lichen Engine

2023

- Developed a custom game engine in C++ and OpenGL
- Implemented a physics system with force, friction, and collision (AABB and circle colliders)
- Built layered rendering with Y/Z-sorting
- Implemented particle systems, events, and interaction handling
- Designed state machines for the player, enemies, and bosses

Catch'Em Bugs!

2024 – 2025

- Developed a Godot game focused on spatial accessibility
- Integrated the game with an ESP-32 feedback device
- Implemented character and scene mechanics in GDScript
- Created 3D models and firmware for the device

DebTale

2024

- Developed a Godot game in a three-person team
- Defined project standards and team roles
- Implemented character mechanics and the game loop
- Created and integrated music and sound effects
- Conducted code reviews and managed merges and conflicts in Git

Magnolia Engine

2023 – Presente

- Contributed to porting a 3D Vulkan engine
- Resolved dependency build issues

Gamejams

LudumDare 51 & 56, GMTK Jam 2024 & 2026

- Contributed code, art, and audio under tight time constraints

TECHNICAL SKILLS

Languages: C++, GDScript, GLSL, Python
Libraries: SDL, GLEW, GLFW
Tools: Godot, Git, Premake
Concepts: OOP, Data Structures, Multithreading
Learning: C#, Unity

LANGUAGES

Portuguese (native) – English (intermediate)

EDUCATION

Bachelor's Degree in Computer Science

University of Brasília (UnB)

2019 – 2026, Completed

EXPERIENCE

Video Recording & Editing Assistant (Freelance)

Faculdade Teológica Reformada de Brasília (FTRB)

2017 – 2026

- Assisted in recording and editing recorded lectures
- Worked within a media production pipeline

Video Recording & Editing Technician (Freelance)

Igreja Batista Reformada de Brasília (IBRB)

2018 – 2026

- Recorded and edited lectures, talks, and church services
- Processed and organized audiovisual content
- Organized and managed live broadcasts

Substitute Financial Secretary (Freelance)

Igreja Batista Reformada de Brasília (IBRB)

2018 – 2026

- Tracked income, expenses, spreadsheets, and records

ACHIEVEMENTS

Melius (2022) (UnB)
Best Game, Design and Implementation

Give It Back (2023) (UnB)
3rd Place Best Game, 2nd Place Music/Audio
